Ed, thank you for your number corrections in the most recent version of the MDP. However, there are now some missing parcels in the Govt chart, that were present in the previous version. They are included in your latest data version and in the MDP assessment roll list, just not in the Publicly Owned Parcels chart:

7440034906 LA CITY

7440034907 LONG BEACH CITY

7440036904 LA CITY HARBOR DEPT

Here is a revised MDP and dbase - based on Dennis' initial numeric correction request. I will try to submit the ER by mid-day Friday but have afternoon medical appointments. I will also forward the more detailed map when we receive it from our map consultant.

Thank you.
